

Painters and Liners

Marabu 3D Liner

Multi-purpose effect paint in a liner for velvety puff or relief effects. Suitable for many materials (paper, cardboard, wood, ceramic, glass, fabrics with up to 20% man-made content). Water-based. Ideal for decorations, lines and embellishments. After iron fixing or oven fixing, fabrics are washable up to 40 °C.

Blister assortment of 4:
4 x 25 ml (621, 631,
652, 662)

Puff effects on T-shirts with the 3D Liners

1 Trace the design onto the T-shirt. Place a piece of card inside the T-shirt to prevent the paint from bleeding through. Paint in the design with fabric paint and embellish with the 3D Liners. Leave to dry for at least 8 hours.

2 Fixing/puffing: Iron the painted areas from the reverse on a soft surface at cotton temperature for 2-3 minutes. Or place in a pre-heated oven (150 °C) to fix/puff for 8 minutes.
